

Dear Neighbours,

15 July 2025

WORKS ALONG SOUTH AUDLEY STREET

Further to my weekly advance notices, please note that works along South Audley Street to remove concrete beams and slabs located on site (please see schematic below) will commence on Wednesday 16th July. The works may take up to six weeks to complete. The intention, in line with our Best Practicable Means (BPM) strategy is to avoid using any percussive plant to “break out” concrete; instead, mechanical cutting machines (saw and wire) will be utilised. An acoustic tent (picture below) and screens will be erected throughout the works in order to avoid exceeding approved noise levels although this may happen from time to time and after careful and informed consultation with WCC, permission to do this has been granted. Such works will be conducted intermittently with quiet periods observed every day between 10am and midday and 2pm and 4pm.

All operatives have been instructed to conduct all activities with the minimum of noise and disturbance and in all circumstances, we will be adhering to our Best Practicable Means (BPM) measures throughout. All risk assessments and method statements have been written with this in mind.

I will, of course, keep you informed of any changes to timelines and activities.

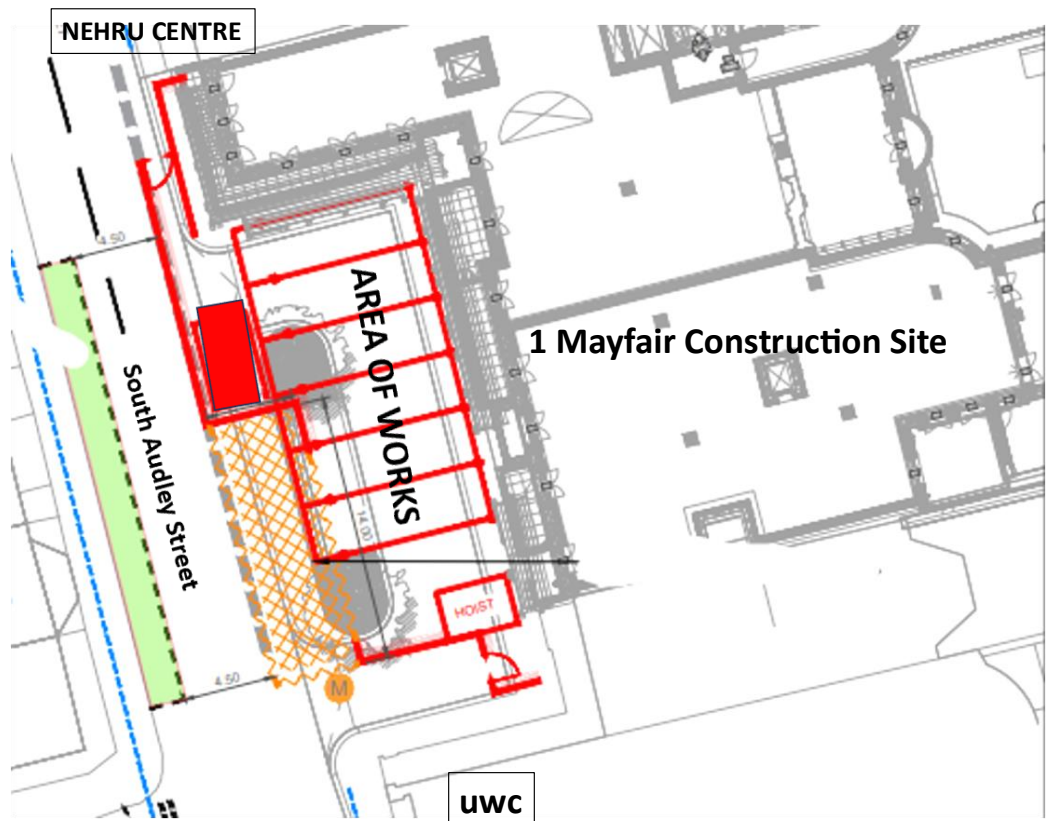

Please contact Peter Walsh, on **07767 858638** or email peter.walsh@macegroup.com if you have concerns, comments or complaints at any time during these works.

Many thanks and kind regards,

A handwritten signature in black ink, appearing to read "Peter Walsh", with a long horizontal flourish extending to the right.
