Audley Square House

Soft Strip, Asbestos Removal, Demolition

NEWSLETTER

ISSUE: 02

November 2016

Dear Neighbour

Works have been progressing well on site with the site office and welfare facilities fully established in 49 Hill Street and the internal strip out works now well underway.

The site hoarding is almost complete and is planned to be finished by early- mid November.

The following activities will be happening in November:

- Completion of the hoarding around the site
- Continued scaffolding erection and encapsulation
- Completion of the asbestos removal from existing buildings
- Continuation of demolition works to Audley Square Car Park
- Separation of materials resulting from the stripping out work and early demolition into segregated waste streams for recycling.

Throughout these works we will endeavour to keep disturbance and disruption to a minimum and consider our neighbours at all times.

As a member of the Considerate Constructors Scheme, we shall be working with Westminster City Council and Caudwell Collection to ensure that any inconvenience caused is kept to a minimum.

Should you have any queries regarding the works on site, please contact one of our site team on the numbers on the left of this page.

Should you require further copies of this publication via email, please email newsletters@cantillon.co.uk stating the project
