Audley Square Redevelopment – Piling Rig Delivery 1st October 2020

Dear Neighbour,

I am writing to inform you that on Thursday, 1st October 2020, we will receive the delivery of our second piling rig to site. Due to the size and nature of the machine, the rig will be delivered to site at 4:30am, outside of peak traffic hours and as directed by the Met Police's movement orders for 'abnormal loads.' Taking this into consideration and in order to mitigate disturbance to our neighbours, the rig will be delivered to our vehicle gate on Waverton Street, driven onto site and the delivery vehicle turned off to wait to be offloaded when our site opens at 8:00am. Traffic marshals will be on hand to ensure public safety during this activity.

It will take approximately one week to assemble the piling rig at which point we will commence using, both, Piling Rigs 1 and 2. For more details on our piling works, please refer to our Public Exhibition Presentation at audleysquareredevelopmentmayfair.com or email audleysquareneighbourliaison@careysplc.co.uk.

For all deliveries, the delivery route will be approaching from Berkeley Square along Hill Street to the site entrance. Please refer to the diagram below for additional details:

For immediate assistance or questions regarding these works, please contact Neighbour Liaison Manager Alahna Dunbar at AudleySquareNeighbourLiaison@careysplc.co.uk or by phone at 07738 621 992.

For more information about the project, or if you have any enquiries in relation to the development please contact AudleySquareHouse@kandaconsulting.co.uk.

With kind regards,
Alahna Dunbar
Neighbour Liaison Manager
