A traffic management system will be in place along South Audley Street throughout working times in phases 1, 2 and 3 with “calming” measures in place to ease congestion. There will be no road closures. Please note that all operatives working externally and internally will be instructed to keep noise and disruption to an absolute minimum.

A public exhibition about the Audley Square Redevelopment project has been arranged for April 25, 26, 27 in the Mayfair Public Library, where schematic representations and other graphic aids about the above works will be on display. Further details and an invitation to the public exhibition will be issued shortly.
